## **ACCA Double Agenda**

*A little business and a big celebration*

The PRISM Team has touched back down at headquarters after a week of business and fun at this years' American Contract Compliance Association (ACCA) Conference in San Jose, CA. Donna Stevenson, President and CEO of Early Morning Software, Inc. was asked to return for another year to present her high energy workshop titled, "Doing Business as Unusual" for the ACCA attendees. This year, Donna partnered with client Pamela Swanigan, MWBE Program Director at State University of New York System (SUNY). Together they shared the opportunity to co-run the doing business as unusual workshop, and the positive results it will yield any organization looking to be the change they wish to see in the workplace. Both also touched on how PRISM Compliance Management is the tool of choice for helping organizations to achieve their diversity program goals.

Along with the workshop, EMS supported ACCA as a Bronze sponsor and exhibited in between classes to spread PRISM awareness in hopes of helping any other organizations who might be looking to better run their diverse programs.

After classes concluded on Thursday, the team began to prepare for EMSs' 21<sup>st</sup> Birthday Bash! Set to begin at 8PM, everything was in place. The party can summed up by an age old idiom; they came, they saw, they conquered. The birthday bash was a huge success as clients and interested prospects came out to eat, drink, be merry, and dance the night away. Click [here](#) to check out some photos on our Facebook Page!

**About Early Morning Software Inc.:** It was the founders' vision to create a small highly effective research laboratory dedicated to customer service, innovation, and its personnel. PRISM Compliance Management is the flagship product and thought leader in the areas of Supplier Diversity and Compliance Management. PRISM monitors and manages your diverse programs, measures and analyzes your spend, and consolidates all of the details.
